Amendments of the Mysore Municipal Regulation VII of 1906.

BRIEF ABSTRACT OF LETTER

Submits a set of amendments proposed to be made to the Mysore Munl. Regn. VII of 1906.

NOTES AND ORDERS

The Bangalore City Munl. Council's proposal to amend the Munl. Regn. so as to empower Munl. Councils to recover taxes on buildings and lands including Mohatarfa as arrears of land revenue was referred to the

2 The memo of amendments submitted by the President, Mysore City Munl Council, contemplates large and important alterations in the existing law. Some of the changes are desirable, others debatable, and all of them seem to be sufficiently momentous and far-reaching in their results to merit being circulated to other municipalities for their opinions.

3 There seems to be much to be said both for and against some of the amendments proposed, e.g. some of the provisions may operate so as to hinder the development of particular trades or throw restrictions on

the free exercise of certain callings

4 From the point of view of public health, safety and convenience, however, it is equally certain that many of the amendments, if properly worked, are eminently desirable, and calculated to do good

5 As, in any case, there is room for much divergence of opinion, the memo of amendments may be circulated to all Regulation municipalities for opinion. This would no doubt mean some delay, but hurried changes may even be ~~more harmful~~ a greater evil

7 Para I These provisions impose certain restrictions and would make a previous notice to the mnl council necessary before opening a new shop, hotel or eating house ~~...~~ The provisions may be necessary for regulating and controlling

certain professions in the interests of public health. But the council has power to enforce cleanliness (and wholesomeness of the articles sold) in a hotel, for example, altogether apart from the power to insist upon licenses, now asked for. The question for consideration is whether insistence on these licenses will not necessarily hamper [peop]le in the pursuit of [cer]tain callings.

II 8 Para II. This provision would perhaps be necessary in order to ensure that all owners of vehicles pay the taxes due thereon. It is to be presumed that "the power to seize vehicles only for purposes of registration" implies the power to retain the vehicle till the vehicle-tax is paid up. The mul. council has the power* of attaching and selling the moveable property of a defaulter for any amounts due to it. A "vehicle", being moveable property, is attachable. It is not known why a special power to seize it should be necessary, unless, indeed, what is contemplated is the summary seizure of an unregistered vehicle, without the preliminary formalities of presentation of bill, service of notice etc.x

9 Para III. The necessity for be raising the rate from 2 as per 80 sq yds to a maximum of 8 as per 100 sq yds is not expressly

Quaere whether the [Bill] also enables the Municipal Council to [im]pose different rates on sites in different localities, according to the relative value of land therein. [It] looks as if it does, but the [ad]option of clearer wording to provide for such a course, seems [nec]essary. It is quite conceivable, for example, that two equal sites [in] Sowcarpet and Nazarbagh, say, may be worth quite different sums (have diff[eren]t letting values) and therefore deserve to be assessed at different rates. DS

stated. Probably the reason is that the value of sites (in Mysore) has gone up. As the proposed amendment gives, however, a discretionary power to the council & provides a maximum only, which they can reduce whenever they think fit, the amendment may be accepted. It would be a more elastic arrangement than the rigid rate of 2 as per 80 sq yds, and municipalities can suit themselves to local conditions.

10 Para IV. The phraseology of Sn 68 is a little obscure. An "Explanation" defining the term building lease and a few illustrative examples may be added. The Branch III may be consulted, and asked to offer suggestions. But the necessity for "recasting the Section so as to throw the primary liability always on the owner" is not apparent, seeing that the latter part of the Section is expressly intended to provide for the contingency of the owner not paying his dues. The opinion of Branch III on the matter would be valuable.

11 Para V. The presentation of the bill preliminary to the service of the notice of demand, seems, no doubt, to involve unnecessary reduplication and is rather

cumbrous the bill itself may with advantage be made to take the place of the notice of demand (the information prescribed in Schedule V, being noted thereon) If this course should be considered to work a hardship, inasmuch as it reduces ~~in so doing~~ the time within which the person should pay up his dues, the words "one month" may be substituted for "fifteen days" in Sec 83 (3). 4th line. This will give the person the same time for making payment that he can now have [under Secs 82 (3) and 83 (1)] and will at the same time render the procedure much simpler

12 An incidental effect of this change which seems to have escaped the attention of the municipal council is that it necessitates the recasting of Sec 85. Cl (a) of that Section will have to be deleted, since the abolition of the notice of demand implies the abolition of the notice fee also ~~[illegible]~~ A fee can be charged even for the mere presentation of a bill, but that would mean a real hardship to the a people, as it takes away the right they now have of paying the dues (free of extra fees, charges etc) within 15 days of presentation of the bill, in other words, of the first notice to pay their dues

13 Para VI This is separately being dealt with in another file at the instance of Mr Venkatakrishna's letter to the Secy. The opinions of the majority of the Dep Comrs is favorable to this change and a draft bill is under consideration. This point may therefore be passed over here.

14 Para VII The necessity for the insertion of this provision in the municipal Regn is not apparent. Probably the fact that considerations of sanitation, lighting and ventilation are involved in such partitions and that the municipality should therefore have a hand in the matter in the interests of public health, lies at the back of this proposal. The partitions may perhaps also affect questions like the house-tax payable, who should pay etc, and may render suitable changes of entry necessary in the "khata" & other registers. But these are mere surmises and the municipal Council may be asked to explain what the circumstances are which call for the changes and whether the provisions in the partition bill are not sufficient to safeguard all public interests in the matter of sanitation, ventilation, lighting etc*

* If the Court is made to give notice of such cases to the President, and take and consider any evidence he may care to be given in the matter, before taking an order under Sec 2 of the Partition Regn, it would seem to be all that is needed to protect the rights of the municipal council in such matters. In that case, the insertion of the necessary provision would seem to be more fitly made in the Partition Regn than in the Mul Regn. Mr III should be able to say something in this matter

15. Para VIII The insertion of some such provision authorising the municipal council to compound offences against the muni Regns., is, I think, a pressing necessity & will be advantageous to the municipalit and to the people alike, as it gives them an opportunity for settling their disputes promptly out of the criminal Courts

16 From the above analysis, the amendments are seen to be capable of classification as follows:—

(a) Desirable:—
III, IV, V, (VI) & VIII

(b) Debatable or of questionable utility:—
I & VII

(c) Those of which something can be said both for and against:—
I, II, IV & V

17 All of them are, however, of far reaching importance and the opinions and experiences of the several municipalities if called for, would furnish interesting data for the Government to come to a conclusion upon. They should be invited to give their opinions on each of the proposal individually and not to content themselves

18. The provisions of the Mysore Mpl Regn seem to be modelled on those of the Bombay District Municipalities Act (Bom Act III of 01) none of the amendments now proposed, or anything analogous to them, can be found in that Act. They, however, do find their analogues in the Mpl Acts in force in the presidency towns of Calcutta, Bombay & Madras, as also in the Mpl. law prevailing in the C&M Station, Bangalore. I proceed to note such below.

XIV and XV, Sn 578 and Schedule II of the Cal City mal Act (Beng Act III of 1899) contains analogous provisions. But, of course, it is needless to add that our cities do not require all the elaborate provisions of that Act.

20) II Registration of vehicles

Analogous provisions are found in (a) Chap XIII & Sn 578 Cal mal Act (b) Sns 133, 142 & 143, Beng Dist mal Act (c) Sns 85, 86, Mad Dist mal Act, and (d) Sn 158, Mad city mal Act. [Sn 162 of the last mentioned Act also provides for the summary seizure of unregistered vehicles]

21 III. Raising the rates on vacant sites

This is a thing that necessarily must vary in different municipalities (and in the same municipality also, it ought to vary in different localities according to value of sites) vide Sn 41(1) A, of Bangalore mal law of 1897 (C & M Station)

22 III. Recasting Sn 68, mal Regn

The phraseology of Sn 61, Beng mal law, is much clearer and may be striven after

23. V Supersession of "notice of demand" by "bill"

Sns 178, 179 & 180 of the Mad city mal Act make provision for the service of but one "bill" or "notice", as it is indifferently styled. The time-limit for payment is fixed at 15 days of the service on the party. From the wording of Sn 185, it would seem as if there is no such thing

as a "notice fee". There is only a fee for "distraint"

The Calcutta Act & the C & M Station Act (Secs 213—215 & 186 respy) provide for both a "bill" & a "notice of demand", but allow, in each case, a respite of only 7 days instead of 15 days as in our Regns at present. There is a "notice fee" also.

24 The Bombay City Act III of 1888 (Secs 201-203) is quite similar to ours, as it allows 15 days. The procedure suggested in para 11 above, combines the advantages of both the systems without their drawbacks (viz, simplicity to the municipality; and no new hardship to the citizens) and may be adopted.

25. VI This is under discussion separately (Resumption of site on breach of condition). It would also seem to be a mere matter of contract between the Ml. Corporation & the purchaser of the site.

26. VII (The president should execute decrees under the partition Regn etc) I have not been able to find anything analogous to this in any of the Brit Indian Acts.

27 VIII Compounding of offences agt the Ml Regn. The E ml Council's report itself shows that there is such a provision in the C & M Station municipality Sim

9. In sub-section (1) of section 54A of the code of Civil Procedure 1911, as amended by Regn I of 1915, the words "or a vacant building site" shall be inserted after the word "building"

Statement of Objects and reasons

Under the present Regn there is no provision to compel persons to give previous intimation to Municipal Councils and take out licenses before opening any shop market or hotel or any place for the sale of food stuffs ~~[illegible]~~ or drink ~~or [illegible]~~ and as such it is difficult to bring them under supervision. It is therefore proposed to insert ~~amending sec. 18(iii)(c)~~ ~~substitute for sec. 18(iii)(c)~~ a provision similar to sec. 102 of the Burma Municipalities Act, 1898. As the owners of the shop, hotel &c are liable to ~~[illegible]~~ be taxed separately for ~~[illegible]~~ or professional tax no licence fee will be levied for licences to be issued under this ~~sub-section~~ clause.

The present Regulation
does not provide for
numbering and registering
vehicles with springs
kept for private use and
thus evasion of payment
of taxes cannot be
guarded against. In 1915
a Regn. was passed for
the purpose of enabling
motor vehicles, bicycles
and tricycles liable to
taxation to be numbered
and registered and it is
intended to extend this
provision to other vehicles
with or without springs,
except vehicles no
wheel of which is more
than 24 inches in diameter
and ~~which~~ are used solely
for the conveyance of
children.

Again at present
when default is made
in payment of any tax
the Municipal Council has
first to issue a Bill and
if no payment is made
within a fortnight then
issue a notice then a
notice of demand and

then take ~~action~~ over coercive action. This is a cumbrous process and it is proposed to do away with the Bill ~~in the first instance~~ notice of demand

Regn. I of 1915 amending the Code of Civil Procedure directs that only decrees of partition in case of buildings, within Municipalities to which the sec. is extended, to be sent to the President of the Municipal Council for execution in conformity with the provisions of the Partition Regn. It is intended to extend this provision to the case of vacant building sites also

Read (1) General and Revenue Secre-
ary's letter No. 9142-50/ML 296-12-4 dated
7th May 1918 forwarding for considera-
ion of the Municipal Council a memo. of
mendments to the Municipal Regulation
s proposed by the Mysore City Municipa-
ity and (2) the memo. of amendments:-

Amendments proposed.	Resolution.
Under section 48, provision should e made expressly authorising the Municipal ouncil to make bye-laws for insisting upon: a) due intimation in writing being given to the Municipal Council previous to the opening of any shop, market, hotel or any place for the preparation or sale of food-stuffs or aerated waters and for attaching a penalty for non-compliance, b) a license being obtained from the Municipal Council to the opening of any Native hotel, hotel other than a Native hotel, sweetmeat shop aerated water and ice manufactories, cake shops, eating houses, etc., and for attaching a penalty for non-compliance.	These provisions are necessary and may be introduced in the Regulation.
Provision must be made in the Municipal ion similar to Sections 45 and 47 of the ulation III of 1888 for the Registration bering of all vehicles with or without power being given to the Municipal to seize such vehicles only for purposes istration.	Such a provision in the Municipal Regulation is necessary and may be introduced.
in section 53 (b) (1) clause 2 omit the io "two annas for every 30 or more yards" at " a sum not exceeding eight annas for	The Council do not agree to this amendment, as the existing rate of two an-

nas

y 100 square yards as may be fixed by Council.

annas for every 80 square yards is already very heavy and presses on the owners of vacant sites.

Section 68 may be recast so as to [make] it clear that the primary liability [alw]ays rests on the owner. The expression ["b]uilding lease" may, with advantage be de[fi]ned.

This may be done.

In section 82 provision is made for the [pr]esentation of a bill in the first instance [an]d the service of a Notice of Demand after 15 [da]ys; the section may be so altered as to make [t]he bill itself a sufficient notice of demand [a]lso. The bill may contain all the information contained in the form of Schedule V and in Sec[t]ion 83, first para, for the words "the service [o]f such notice of demand" substitute "the pre[s]entation of such bill."

This amendment is unnecessary as it is considered - that it violates the very first principles of law that governs the recoveries of such dues from the rate payers. The existing practice will amply suffice if only worked properly and efficiently.

VI. A provision in the Regulation analogous to that contained in No. R 6608/L.R.482-11-1 dated 15th May 1912, clause 2, sub-clause (c), para 2.

"The failure to comply with any of the conditions prescribed will render the building sites liable to resumption at the discretion of the Municipal Council without payment of any compensation to the grantee and the decision of the Municipal Council shall be final in such matters."

Such a provision is necessary and may be introduced.

VII. A provision in the Regulation requiring decrees of Civil Courts for the partition of houses, buildings or vacant sites situate within Municipal limits being transferred to

This is most undesirable as the execution of such decrees by the Municipal President or Vice-President will be quite imprac-

Proo.Cont of the Municipal Council for ution without power to exercise the same rs as those conferred on the Civil Courts he Partition Regulation. This pro- on may be made applicable only to such cipalities as the Government may, from to time, by notification in the Official tte declare.

Impracticable.

Insertion in the Regulation of a sec- analogous to section 177 of the Bangalore cipal Law, 1897, Civil and Military Station, a notification similar to the notification 1755 dated 1st April 1901 issued by the ble the Resident in Mysore.

This Provision is necessary and may be inserted in the Regulation.

Read correspondence ending with endorsement No. 2565-67 L.F.dated 20th. May 1913 from the Deputy Commissioner and President, Municipal Boards, Hassan District, forwarding copy of the memo of amendments proposed to be made in the Municipal Regulation VII of 1906 received from the General and Revenue Secretary for submission of the Holenarasipur Municipal Council's resolution.

Resolution:- (1) This Council is of opinion that the amendments proposed in paras I,II,IV,V,VI,VII and VIII of the memo received from the General and Revenue Secretary may be made on the lines indicated therein, in the Municipal Regulation VII of 1906. But as regards paras V and VIII the Government order No. 6651-8ML 336-11 dated March 1913 regarding the proposal to amend the Mysore Municipal Regulation so as to empower Municipal Councils to recover taxes on buildings and lands including Mohatarfa as arrears of land revenue, and the correspondence ending with the Deputy Commissioner's endorsement No. 385-86 dated 5-9-1911 regarding the empowering of the Municipal Councils to compound offences under the Municipal Regulation may also be considered along with the proposed amendments.

(2) As regards the amendment proposed in para III the words " a sum not exceeding " do not appear to be

necessary

necessary as the words " not exceeding in any case " occur in b (i). Further with a view to enable the Municipal Council to levy a tax not exceeding 8 annas on every ~~xxxx~~ vacant site of less than 100 square yards, not occupied by buildings and not appurtenant to any building or attached thereto for use therewith as a garden or pleasure ground or for the pasturage of animals kept for private purposes, the proposed amendment may run as follows:- " 8 annas for every site measuring 100 square yards and less, and 8 annas for every 100 square yards or portion thereof for any site measuring more than 100 square yards, as may be fixed by the Municipal Council". Even in villages vacant sites of the above description are taxed at the minimum rates of 8 annas or four annas irrespective of the area. Such being the case it is but reasonable that the Municipal Council should be enabled to levy taxes on all vacant sites.

Office of the Deputy Commissioner

Dated, Mysore, 26th August 1913.

From

A. Subramanya Iyer, Esquire, B.A.,

Deputy Commissioner

Mysore District

To

K. R. Srinivasiengar, Esquire, M.A.,

Secretary to the Government of Mysore

General and Revenue Departments.

Sir,

In continuation of this office letter No. 116 dated 8/14-8-13, I have the honor to submit herewith copies of resolutions of the marginally noted Municipal Councils anent the proposed amendments to the Municipal Regulation of 1906.

Seringapatam
Mandya
Maddur

The Municipal Council of Seringapatam are of opinion that Section 48 need not be so modified as to make it obligatory to give previous intimation in writing of the opening of a new hotel, that the Council may be authorised to make a bye-law making incumbent on every person to obtain a license therefor, that a penal provision for failure to get carts numbered is not necessary in small Regulation Municipalities, that no amendment is needed to Section 68, that in amending Section 82 a provision may be made that no notice fee is leviable if payment is made within 15 days from the date of presentation of the bill, that a provision regarding Civil Court decrees is unnecessary and that the remaining amendment re the power to compound offences is necessary.

The Municipal Councils of Mandya and Maddur have passed similar resolutions except that they opine that the provision for registering and numbering of carts is necessary.

I have the honor to be,
Sir,
Your most obedient servant,

A Subramanya

Deputy Commissioner
Mysore District.

Dated 26th June 1913 Enc to vol 296-12 fol 1c
Seringapatam municipality

VI Read memo of amendments proposed by the Mysore city municipality council received with Deputy commissioner's memo no 3246 dated 25th May 1913

Resolved that

I It is unnecessary to insist intimation in writing of the opening of a new hotel etc if a license for the same is rendered obligatory.

A provision may be made under Section 48 authorising the passing of a bye-law to render a license obligatory

II In small Regulation municipalities

municipalities it would be unnecessary to prescribe a penalty for failure to get carts numbered the omission would entail liability to toll which would by itself be sufficient punishment

III Modification of

Section 59 (1) (i) clause (2)

The maximum of 2 annas per every 80 square

80 square yards is very small and may with advantage be extended to 8 annas per every 100 square yards as proposed.

IV Section 68 is clear enough and has been carefully worded to cover cases where the land and the structure thereon belong to different owners; no amendment seems called for. The scope of the section would perhaps be clearer if (Building lease) is defined.

V The form of notice of demand given in schedule V presents no essential difference from a bill framed under section 82 sub section (2). There is thus at present unnecessary duplication of work with consequent loss of time and facilities for ~~evasion~~ evasion of payment. This can be avoided by making the bill a notice of demand with a proviso that no notice fee shall be leviable if payment is made within 15 days from presentation.

VI This would make the grant of sites conditional and not absolute, may be passed.

VIII

VII Does not appear to be necessary.

VIII Power to compound offences, very necessary. It may be vested in the President of the Municipality.

V Alteration of Section 82 so as to make the bill itself a sufficient notice of demand:-

48?

Under Section ... provision
...hould be made expressly au-

make bye-laws for insist-

(a) due intimation in
writing being given to the
Municipal Council previous to
opening of any Shop, market,

paration or Sale of food Stuffs

from the Municipal Council
previous to the opening of any
native hotel, Sweetmeat
Shop, aerated water manu-
factories, ice manufactories
Cake Shops eating house &c
& for attaching a penalty for
non compliance.

The following resolution
which were passed after some
discussion in June 1913 were re-
adopted

Resolved that the ammend-
ments proposed may be adopted.

II. Provision must be made in the Municipal Regulation similar to Sections 45 & 47 of the old Regulation of 1888 for the registration & numbering of all vehicles with or without springs, power being given to the Municipal Council to seize vehicles only for purposes of registration.

This provision is necessary & may be made in the Regulation VII of 1906

III In Section 59 b (i) clause 2 omit the last line "two annas for every 80 square yards" insert "a sum not exceeding eight annas for every 100 square yards as may be fixed by the Council

The rates proposed in the amendment may be suitable for big Municipality like Mysore or Bangalore but not so to [illegible] Municipality. The amendment is not necessa

IV. Section 68 may be re-casted so as to make it clear that the primary liability always rests on the owner. The expression building lease may, with advantage, be defined.

The Section 68 may be recasted so as to make the meaning clearer. The members of this council are of the opinion that the primary liability should always rest on the tenant who is in possession of the house and in case the liability is not discharged, ultimate liability must rest on the owner

If the primary liability were to rest on the owner great difficulty would be felt by the council in recovering house tax when the owner is an absentee from the town

In Section 82, provision made for the presentation a bill in the first instance and the service of a notice demand after 15 days. Section may be so altered to make the bill itself sufficient as notice of demand also – the bill may contain all information contained in the form of schedule V of in Section 83 para 1 for the words " the service of such notice of demand substitute " the presentation of such bill"

A provision in the Regulation analogous to that contained in W. R 6695-1 L R 482-11-1 dated 15th May 1912 Clause 2 Sub-clause C para 2 –

The amendment may be passed But the council are of opinion that another amendment is also necessary viz Substitute in para 1 of Section 83 30 days for 15 days Shop-keepers and mercantile firms allow 30 days times for their customers and the municipality may as well await for 30 days after the service of the bill on the defaulter

Under the existing provisions a person has one months time from the date of presentation to him of the bill, within which to appeal against the notice of demand. If the proposed amendment is adopted, this period is reduced to only 15 days which is not sufficient especially in the case of non-resident owners of property. It seems necessary therefore to extend the period in sections 83 and 86 to 20 days.

VI A provision in the Regulation analogous to that contained in Govt note No: R 6695 L-R-682-11-1 dated 15-5-1912 Clause 2 sub clause (e) para (2) is necessary. Passed unanimously

The decision of so responsible and representative a body as the Municipal Council regarding the resumption of building sites &c without

It seems necessary to recast sec. 68 so as to make clear the primary liability of the owner. The tax on buildings or lands should in the first instance be recovered from the owner whether he is the occupier of the building or land or not and only on failure to recover the tax from the owner, should the occupier of the building or land be made liable to pay the tax. — Passed unanimously. CM

The expression building lease seems to be clear, the word building being defined in the interpretation clause.

Section 82 may be altered so as to make the bill itself a sufficient notice. — Passed unanimously. CM

In section 83 the words "presentation of such bill" may be substituted for the words "the service of such notice of demand"

Remarks and Suggestions 2	3
Sec 48 (e) of the Mysore Muni Regn relating to bye-laws for inspecting hotels, bakeries, etc does not find a place in the Bombay Dist Munl Act. This was a new provision - With reference to this addition it was stated as follows in the letter addressed to the Hon'ble the Resident requesting him to obtain the sanction of the Govt of India to the passing of the Regulation. "Section 48(e) By the addition of this Clause power has been taken to make bye laws to provide for the inspection and cleanliness of hotels and other places for the sale of food or drink, not coming under clause (b), and for the wholesomeness of the articles therein Except to this extent, it is not considered necessary to interfere [illegible] these places by prescribing licences [illegible]." 2 Govt Order No 1801 - L 270 dt 25 1892 ~~referring to the~~ [illegible] Inspector [illegible] is not [illegible] [illegible] of the [illegible], and	An amendment so as to require a licence in each case may be adopted. Remarks and Suggestions	
Under the repealed Regulation Vehicles with springs kept for private use were not being numbered. Only carts & other Vehicles without springs had numbers 2 It is not clear why the repealed provisions of law should be restored. It may appear to be possible to minimize the evil (evasion of payment of tax on vehicles) by other means than licensing them 3 ~~No extraordinary~~ where in British India a license fee is levied on Vehicles. What is imposed on them is a tax. In the N. W. Provinces & Oudh, Central Provinces, Punjab, Burma, Bombay City & C. & M. lates to the Composition of Offences under the Muml

Remarks & Suggestions		
In G.O. No 11100-9 Ml 237 10 30 d/ 8th May 1914 it was ordered that it was unnecessary to amend the Mysore Ml Regn so as to empower Ml Cy to compound offences committed against the Muml Regn, or any rule or bye-law thereunder. But the President of the Bangalore City Ml Cy having since made a representation for a reconsideration of the above order (D 957 Ml 73 116 of 1914 Sl 1) it was resolved in Council that a provision might be introduced into the Legislative Council to take power to invest Ml Cy with the power of compounding offences against the Ml Regn or any rules or bye laws thereunder.
